	2		9	3			1								8			2	5	
	D		1	2	8	5		6				2				5				

How to solve: The center puzzle is a standard Sudoku. Two outer puzzles are Sudoku-X, with no repeats in the shaded diagonals. The two other puzzles are Squiggly Sudoku, with irregular shapes instead of 3x3 boxes.

Copy the numbers from the colored cells in your solution – these are all you need to enter!

A B C D E

For your chance to win $100 from Amazon.com, don't forget to submit these 5 numbers at www.websudoku.com/comp before August 31!
